Denver, CO 80202

Subject: Lease Agreement Approval
Swansea Recreation Center

Dear Mr. Brown:

CET Environmental Services, Inc. ("CET") is presently the U.S. Environmental Protection Agency ("EPA") prime contractor under the Emergency and Rapid Response Services Contract (ERRS) throughout EPA Regions 6, 8, 9, and 10. Under this contract, CET has been tasked to perform residential yard contaminated soil removal, backfill and landscape services on approximately 21 homes located between Vasquez and I-70. The tentative project start date is September 21, 1998 with an anticipated completion date of December 1, 1998.

EPA On-Scene-Coordinator Pete Stevenson has identified the property located near the Swansea Recreation Center as a viable option for a command post and equipment staging area to coordinate on-site project activities.

The project is considered time critical, therefore expediting lease agreements to allow access to property would greatly be appreciated to support these removal activities.

If you have any questions, please contact me at (425) 776-5088 x 225.

Sincerely,

G. Brad Couly
Zone Program Manager
